

Test Closure Report

1. Project Overview

- **Project Name:** Demoblaze Manual Testing
- **Testing Period:** 12/27/24 to 12/27/24
- **Tester:** Esk E Alam

2. Test Summary

- **Total Test Cases:** 16
- **Passed:** 11
- **Failed:** 4
- **Blocked:** 0
- **Defects Found:** 4
 - **Critical Defects:** 1 (Cart persistence failure)
 - **Major Defects:** 2 (Checkout proceeds with invalid data, contact form error)
 - **Minor Defects:** 1 (Contact form error)

3. Defect Summary

- **Total Defects Logged:** 4
- **Defects Fixed:** N/A (Defect fixing out of project scope)
- **Outstanding Defects:** 4

4. Test Execution Details

- **Test Cycles Completed:** 1
- **Retests Conducted:** N/A

5. Key Findings and Recommendations

- **Key Findings:**

- Critical defect in cart persistence after logout/login.
- Checkout allows submission with invalid/missing user data.
- Contact form does not validate incorrect data.

- **Recommendations:**

- Document outstanding defects and monitor them for future testing cycles.
- Consider expanding coverage to exploratory and security testing in the future.

6. Sign Off

- **Tester:** Esk E Alam
